

How to download the app

Get the best experience by downloading the LiveVoice mobile app for your platform.

[Basics](#)[Live Translation](#)[Guided Tours](#)[Silent Conferencing](#)[Audio Description](#)[Speaker](#)[Participant](#)

For participants and speakers who are on mobile devices we strongly recommend they're using the LiveVoice app. In this way you can continue streaming even if you lock your device or use other apps.

LiveVoice is available for iPhone and Android devices (Samsung, LG & more).

Here you get the app for iPhone on the [App Store](#).

Here you get the app for Android on the [Google Play Store](#).

Here you get the app for Huawei phones on [App Gallery](#).
