

Provide in-app support info for participants

How to provide a service contact for your participants in the app and web player.

[Features](#)[Live Translation](#)[Silent Conferencing](#)[Audio Description](#)[Admin](#)

Available in: *LIGHT, SMART, PRO*

Use this option to provide a way for your audience to get in touch with you or your technical staff, so they can reach out to you with questions or feedback.

You can add contact details like a website link, an email address or a phone number.

Setup

- 1: Go to your event in the admin account.
- 2: Scroll to the bottom and edit the contact details for the event.
