

Learn more about using the free Test Plan

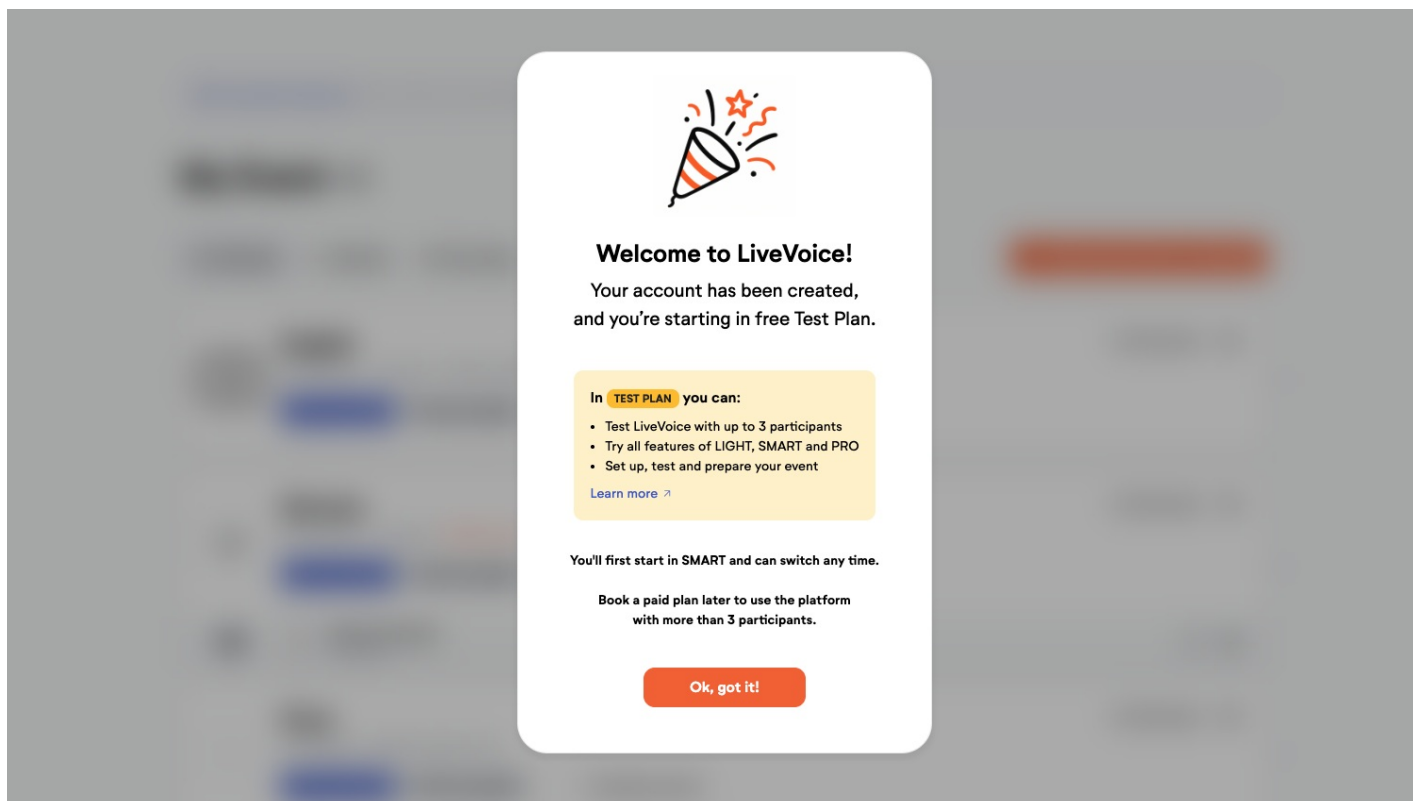

Explore, prepare your event, and test everything risk-free before committing or paying.

[Basics](#)[Live Translation](#)[Guided Tours](#)[Silent Conferencing](#)[Audio Description](#)[Admin](#)

We offer a free Test Plan so you can play around without any strings attached before making any commitment, and to give you the opportunity to prepare your event ahead of time without having to pay anything for that.

What you can do in your Test Plan:

- **Try out LiveVoice and its features before you buy anything.** Play around and see if LiveVoice is the right tool for you.
- **Prepare your event before it actually starts.** You can already set up everything as you need, creating channels, download QR codes for your audience and more. Everything (QR codes etc.) will stay the same for your paid event.

Test Plan is available for **all 3 Account Types** we offer: LIGHT, SMART and PRO. You can switch anytime from one type to another. This gives you the chance to **try out the features of each Account Type** and experience how it feels and what is included. Even if you have already booked a certain plan, you can still explore other account types using Test Plan.

What is the difference between Test Plan and a paid plan?

The difference to your paid plan is that **in Test Plan only 3 participants can join**. This means **in Test Plan you can already set up your real event** and prepare everything you need. On the day your day plan or subscription starts, the participant limit will be raised to the number you have booked. Everything else, like channels or QR codes, stays the same.

The screenshot shows the LiveVoice account management interface. At the top, a dark banner states: "You are in **Test Plan** and therefore limited to a maximum of 3 event participants." with buttons for "Exit Test Plan" and "Upgrade now". The main navigation bar includes "LiveVoice PRO TEST PLAN", "Dashboard", "My Events", and "Account & Plans". The left sidebar lists categories: "PLANS & BILLING" (Plans & Bookings, Usage & Stats, Billing Details, Payment Method, Payment History), "ACCOUNT" (Account details, Password & Authentication, Email Notifications), and "PREFERENCES" (Glossaries). The main content area is titled "Your account" and shows the current plan as "PRO TEST PLAN" with a dropdown arrow. Below this, it says "All features needed for professional productions, like video for Remote Interpreters." and provides links to "Explore features" and "Compare plans", along with a "Change" button. A yellow box highlights the status: "You are in **TEST PLAN**" with details "Max. 3 participants. Try features. Set up, test and prepare your event. [Learn more](#)" and an "Exit test plan" button. The "Day bookings" section shows a "Day plan 15 SMART" for "max. 15 participants • 25. September 2025 • GMT +02:00 (Europe/Vienna)" with a "Change date (LV-Admin)" button and a price of "18 €". A blue button "Book additional days" is also present. A footer note states: "For canceling booked days, upgrading or downgrading daily plans, please send an email to service@livevoice.io".

How does Test Plan work?

1. When you enter LiveVoice for the first time, you will automatically be in Test Plan. As default you will start in SMART, so you can try out all features included in this account type.
2. If you want to explore other Account Types, simply switch with the yellow button on top left.
3. When you are ready to go, click "Start a subscription or book a day plan".
4. Once you have booked a plan, you can enter Test Plan of other Account Types by clicking "Enter test plan". When you are done testing, either "Exit test plan" or change your account type to the new one you just tested.

Enjoy your free Test Plan! Once you are ready, upgrade to the paid plan you need.
