

Custom join codes

Getting a special 6-digit code for your event.

[Advanced](#)[Live Translation](#)[Guided Tours](#)[Silent Conferencing](#)[Audio Description](#)[Admin](#)

PLUS feature

When you create an event you will get assigned a random 6-digit code for your audience to join the event.

As a PLUS feature you can request a desired join code that fits to your event and can be remembered by your audience easily. If it is available and not already taken, you can get it for a certain surcharge.

If you are interested in a custom join code [contact our support](#).

Example: The FifteenSeconds Festival used the code **15 15 15**.
